

REMARKS

The foregoing amendments are intended to improve antecedence and to provide for greater internal consistency of terminology. Entry is respectfully requested.

Applicants also wish to confirm their understanding of the allowed claims. It is true that the claimed liquid container is constructed to mount and interact with a holder having an ink jet head. However, as allowed, the claims themselves are directed to the liquid container by itself, apart from the holder, and are not somehow directed to a combination of the liquid container together with the holder. It is Applicants' understanding that the USPTO and the Examiner are viewing the claims in the same way, and that the claims were examined and allowed on this basis. If this understanding is incorrect, then the Examiner is requested to state such for the record.

Applicants' undersigned attorney may be reached in our Costa Mesa, California office at (714) 540-8700. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Michael K. O'Neill", is written over a horizontal line.
